**MLH \$25,000 MATCHING GRANT**

My Dear Readers,

I recently met some wonderful caring people. After an introduction there was a lot of interest shown in The Time Is Now and the work we do. They were filled with questions and curiosity, and showed a true desire to genuinely help. They wanted to be absolutely sure that what was donated was going to be given only to the needy. They wanted to be sure that the daily necessities of life were being met by those in need right now. With these requirements and others met I can gratefully announce our new MLH \$25,000 Matching Grant.

I want to share with everyone that with this matching grant, we will acquire the funds necessary to answer many requests that have been waiting for help. Having a waiting list of those in need, due to a lack of finances, is very painful. Knowing there are single moms, children, elderly, going to bed hungry, or worse, having no home or bed to go to, fills my heart with sadness. It astounds me that we live in one of the world's wealthiest countries, yet we have so many people suffering around us. Once again it is left up to us, the private sector, to lend a helping hand. Our country is made up of good people who continue to network and grow in a belief that our strength of humanity and moral conduct strengthens us as American's and God's creations.

Caring and Sharing benefits both the giver and the receiver. Those who give know they are relieving the feelings of pain, sorrow, fear, and hopelessness, by supplying the daily necessities of life such as, food, clothing, shelter, compassion, hope, and caring. Many feel lost and even question their own existence. It is up to us to make a difference. Most of the people we have helped have a new outlook on life because of the help they have received. They possess a new found feeling of living a life, which we have helped provide.

Knowing that your life matters, that you are important to others, that you make a difference and have a purpose for being here, creates a feeling of well being and an appreciation of life. The Time Is Now gives us this purpose, both to the giver and the receiver. When you understand this your own life giving power within will rise to another plateau in loving our gift of life.

Together we learn community spirit by reaching out and helping to give hope to those who are our neighbors in need. We fulfill our need to

Care and Share and heighten our belief and support to our fellow creations. We accomplish this together, through The Time Is Now.

The feeling of self well being that you get from doing good, helping, giving, Caring and Sharing, is a feeling the whole world needs to understand and feel. Our Lord created a world full of outstanding beauty and this includes us. We carry within us the power to nurture and love God's world and each other.

While we have this opportunity upon us, please consider donating to The Time Is Now. Every dollar that you give will be matched by the MLH \$25,000 matching grant. This means that at the conclusion of this matching grant, there will be \$50,000 given to help our local poverty stricken, our neighbors who have fallen upon hard times. Give what you can, knowing that every penny will be utilized to help those less fortunate. Not one penny of your donation will be used for overhead. Every penny you give will go to those who need the daily necessities of life. It will provide food, clothing, shelter, utility assistance, and transportation assistance to get to work and necessary doctor visits. Every penny will be accounted for publically in the newspaper, showing where every penny was spent. Please Care and Share.

Every year we help approximately 500 people who need assistance. We get something accomplished without a lot of red tape and delay. If we come upon someone who is hungry, we feed them right away. We provide other daily necessities, to ease the pain and sorrow of being poor, as expeditiously as possible.

In the past we have helped children, elderly, handicapped and other good individuals who have fallen on hard times. Together we helped elderly widows, who felt lost in poverty, come back to a life without financial pain. We have provided single mothers and their children with much needed food and daily necessities of life. Together we gave the meaning of good neighbors to poverty stricken handicapped. Together we will continue to fight the pain of poverty. Please help. Please Care and Share.
